

In response to pleas for resources and events which equip and inspire congregations toward transformation, five events focused on

Congregational Transformation will occur in 2008 and 2009. The content for each event will include inspirational and meditative worship, presentations by practicing leaders of transformation in local congregations, engaging small group exchanges in which congregational leaders seriously grapple with the specific issues of transformation, and effective resources that have proven records of success and that are presented in a hopeful and easy-to-understand manner.
